

## CONTENTS

Cristian-Paul <b>DANET</b> The classical maximum principle. Some of its extensions and applications.....	273
Lori <b>BADEA</b> Multigrid methods with constraint level decomposition for variational inequalities.....	300
Werner <b>KRABS</b> , Lothar <b>von WOLFERSDORF</b> Two optimal control problems in cancer chemotherapy with drug resistance.....	332
Charles <b>HORVATH</b> Around an inequality, or two, of Ky Fan.....	356
Aurelian <b>CERNEA</b> A note on some boundary value problems for higher order differential inclusions.....	375
